Practice Presentation

how long is the practice presentation?

1. 10 minutes:

- Teams present their draft slides.
- Clearly indicate each individual member's contributions.
- Outline the progress made and expected plans for finalizing the presentation.

2. 5 minutes:

- TAs and peers provide feedback on the presentation.
- Suggestions are given to improve the content, clarity, and delivery.

This totals 15 minutes per team during the practice presentation session.

how long is the actual presentation?

Live Poster Presentation Breakdown
